Color Changes

Note: This pattern requires a lot of color changes. Be sure to check the end of each Rnd before continuing through the round to know when to change colors. Be sure to carry colors required for each round along with you before you need to do a color change.

For color changes with color/color (ex: 1 red/green), pull through the first with the first color (red), and next with the second color (green).
[See diagram below]
